ABSOLUTE CURE OF SKIN ERUPTION

Broke Out on Hips and Legs—Was So Sore, Irritating and Painful that Little Sufferer Could Not Sleep - Scratched Constantly and Kept Growing Worse.

**CUTICURA'S EFFECT OUICK AND PERMANENT** 

"When about two and a half years old my daughter broke out on her hips and the upper parts of her legs with a very irritating and painful cruption. It began in October; the first I noticed was a little red surface and a constant desire on her part to scratch her limbs. She could not sleep and the cruptions got sore, and yellow water came out of them. I had two doctors treat her, but she grew worse under their treatment. Then I bought the Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, and only used them two weeks when she was entrely well. This was in February. She has never had another rough place on her skin, and she is now fourteen years old. I used only half the bottle of Cuticura Resolvent and less than a box of Cuticura Ointment. Mrs. R. R. Whitaker, Winchester, Tehn., Sept. 22, 1908."
